CHILSON'S CONE FURNACE.
(Patented in America, England and France.)

This Furnace is now in such general use, and its reputation being so well and favorably established, renders it needless to particularize here its many superior advantages for warming buildings over any other known plan. Sizes suitable for warming all classes of private or public buildings, and for setting either in Brick Work or as Portables.

CHILSON'S PATENT ELEVATED DOUBLE OVEN COOKING RANGE.

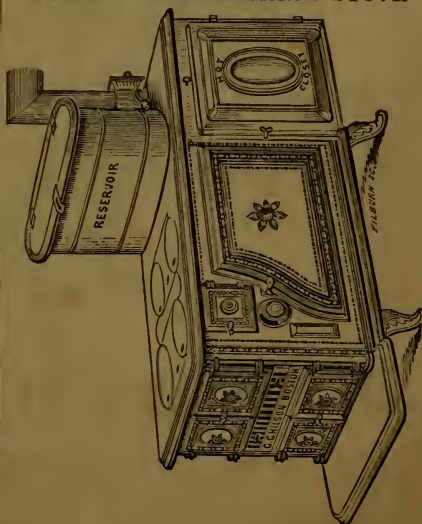

This celebrated Range has become an **INDISPENSABLE FIXTURE** in all well regulated Kitchens.

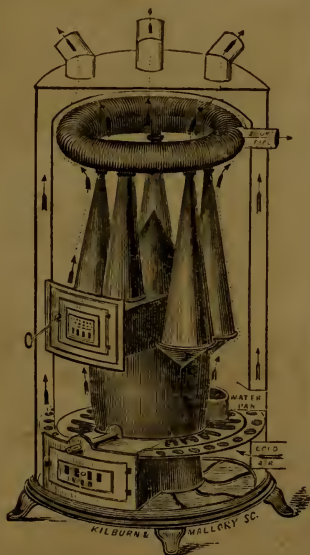

It is truly the **"COOK'S FAVORITE,"** as can be proved by the many thousands of **TESTIMONIALS** received.

Sizes in variety, for Dwellings, Hotels, &c. with or without **Water-Backs for Bath-Boilers**, and other washing purposes; also **HOT CLOSETS AND HOT-AIR FIXTURES**, for heating additional rooms when desired. No Housekeeper will long use any other plan of Cooking Range after an examination of this

CHILSON'S NEW COOKING STOVE

A **GOLD MEDAL** was awarded to this celebrated Furnace at a recent Fair of the Massachusetts Charitable Mechanic Association, and the only gold medal ever awarded to any Furnace in Massachusetts.

IN PORTABLE CASINGS.

Combines the most important improvements ever made in Cooking Stoves. This statement is fully confirmed by the large number of testimonials received from those who have used these Stoves the past season, and five minutes examination of the Stove itself will further prove all that is claimed for it.

Sizes suited to all practical purposes, from that of the smallest family, to the largest class of hotels, with or without Water Backs, Extension Tops, Hot Closets, Reservoirs, &c. and fitted for either Coal or Wood. Chilson's New Parlor and Store Stoves, Registers, Ventilators, Frame Grates, &c. constantly on hand, and for sale at the Subscriber's Store, 99 & 101 Blackstone St. Boston, or at his Foundry in Mansfield, Mass.

A. LEWANDO,

Respectfully informs the Ladies and Gentlemen of Boston and vicinity, from the long study and practical experience that he has obtained in his native country, and throughout Europe, in the art of Chemistry and Coloring, that he can produce superior and fast colors, and his mode of preparing goods for coloring is such that the fabric will in all cases, retain its former strength and lively virtue, and in no instance will it assume that dull and decayed look unavoidably produced by dyers in this country.

The public are also informed that this establishment, managed by experienced workmen, will give particular attention to the

New Matchless Stove

The subscribers invite the public to an examination of the new Matchless Cook Stove, confident that it combines many new and useful improvements not before introduced, thus giving it a decided advantage over all other stoves, not only as a quick and even baker, but as an Economizer of Fuel.

The Fire Chamber is certainly as convenient and economically arranged as mechanism can produce, having an elliptic front, which gives the best formed Fire-chamber to burn coal in; it also makes it much more durable as well as economical.

Particular attention is invited to the perfect manner in which it is constructed. Every door and joint is fitted with minute exactness. The Iron of which it is composed is selected with great care, allowing nothing to be used but the very best thus producing castings of superior beauty, that will not crack, and which will stand the action of the fire much longer than the ordinary stove iron.

This volume of the Cambridge Directory has thousands of changes in various locations and firms. The improvements on the last issue are so conspicuous as to require no mention here. Infinite pains have been taken to get reliable information. In some parts of Cambridge the ground has been canvassed over several times, for the purpose of correcting former errors.

Three printing offices have been employed in order to expedite the typographical part of the work. But, I regret to say, that the firm in Cambridge, who undertook to print the middle portion of the book, have delayed it considerably; and hereafter, I shall not entrust the printing of any part to any office but my own.

# NITROUS OXYD.

The increasing demand as a preventative of all pain in extracting teeth under the influence of

## Nitrous Oxyd Gas,

has made it necessary for the undersigned to enlarge his apparatus for its manufacture; and for the future, patients will not be obliged to wait (excepting only as their turn may come), and this delay may be avoided by previous engagements. The Gas is now prepared three times daily, thus guaranteeing freshness and purity.

IT IS RECOMMENDED IN PREFERENCE TO ETHER OR CHLOROFORM,

FOR THE FOLLOWING REASONS:

- 1st. Under ALL circumstances it is perfectly safe.
- 2d. From one to twenty Teeth can be extracted at ONE inhalation, the entire operation lasting not over three minutes, without the least pain to the patient.
- 3d. It never causes sickness at the stomach.
- 4th. It leaves the patient with no lassitude or debilitating feelings.
- 5th. It is not disagreeable to inhale.

The following extract from a note received by Dr. D., is submitted:

"I have examined the apparatus, mixtures and processes for preparation of Nitrous Oxyd Gas, and find the apparatus of the most approved kind, the mixtures pure, and the Gas free from all deleterious mixtures.

CHAS. T. JACKSON, M. D., State Assayer."

WITH TWENTY-FIVE YEARS' EXPERIENCE.

## THE GREAT REMEDIES OF THE AGE.

### HUNNEWELL'S

Ten years have clearly proved that the theory of simplicity, the great element of this splendid preparation, which allows its use whenever there is tickling or irritation in the Throat, and producing no debility is the only and true theory by which *Colds, Coughs, Hoarseness, Bronchial Complaints*, and all

*Throat Affections*, which, if neglected, end in *Consumption*, can be effectually cured.

☞ *Sore Throat*, the great origin of *Diphtheria*, when neglected is cured by making a *Gargle* with equal parts of water.

☞ *Whooping Cough* is completely relieved of its violence by a constant use of the remedy.

☞ Testimonials of undoubted character can be seen at my office by all.

Small Bottles, 25 cts. Large do. 50 cts.

### HUNNEWELL'S

To attempt to enumerate the manifold results of the *Anodyne* in cases of *Neuralgia, Gout, Rheumatism, Nervous Headache, Tooth and Ear Ache, Spinal Complaints, St. Vitus' Dance, Hysteria, Nervous Debility, Loss of Sleep, Sciatica, Delirium Tremens, Pains in Menstruation*, and the most reliable testimonials in my possession, to which all are invited to inspect, would exhaust time and patience, and which a confidence to test would perfectly justify.

### ASTHMA.

Now declared purely a nervous complaint, is perfectly relieved in most violent attacks with doses of 35 to 45 drops each half hour. Relief and sleep will follow the second or third dose.

☞ Sold by all Wholesale and Retail Dealers in Medicine, at 50 cents per Bottle.

### HUNNEWELL'S

The claims for this valued **Family Pill** are beyond that of any other in use. A test of them will not only prove this, but the greater error of **Gripping**, which has heretofore been called **Character**. The **ECLECTIC PILLS** never require over two, and seldom but one for the dose, act on the bowels without the slightest gripping, a point of the greatest importance, particularly in

### Chronic Constipation.

For which take a **Single Pill** every or every other night. They never produce debility and **Cure Indigestion, Dyspepsia, Head Ache, Liver and Kidney Complaints, Piles, Worms, Loss of, or Impurities of the Blood, Loss of Appetite**, and all derangements of **Bowels or Stomach**.

☞ Sold by all Wholesale and Retail Dealers in Medicine, at 25 cents per Bottle.

### HUNNEWELL'S

## Consumptive Remedy,

A radical cure for this heretofore called incurable complaint.

Price, One Dollar Per Bottle.

The Testimonials in my possession, to be seen by all, will remove every doubt of the perfect character of the above-named preparations, and to publish which would only cause them to be classed with the thousands published in newspapers, and not a fraction of them of the least character. I beg inspection of such at my office, confidence to test the preparation, and correspondence from all.

JOHN L. HUNNEWELL,

*Sole Proprietor,*

PRACTICAL CHEMIST AND PHARMACEUTIST,

9 COMMERCIAL WHARF, Boston, Mass.

☞ Sold by all Wholesale and Retail Dealers in Medicine.

☞ The preparations securely packed to be sent in any quantity by Express, or as directed.

☞ More full and particular description of each article given in notices, to follow this from month to month.

# MOSES POND & CO.'S MAGIC BRICK FURNACES,

FOR SALE.

WHOLESALE AND RETAIL.

79 & 81 BLACKSTONE STREET.

AT THEIR STORE,

BOSTON.

Warranted to give ample and entire satisfaction !  
NO RED-HOT SURFACES !! NO IMPURE AIR !!!

## MAGIC PORTABLE FURNACE.

These Furnaces present a larger amount of effective radiating surface than any other now in the market.

The peculiar arrangement of the Flues is such that the products of combustion are so completely retained and radiated as to thoroughly exhaust all the heat from the coal, the funnel becoming comparatively cold before entering the chimney; consequently no arrangement can be more economical than this.

The joints are all so adjusted as to prevent the escape of gas or smoke, and render once packing sufficient for years.

A careful examination of the form and fitting of the Castings will show that the liability to crack is obviated by the ample provision which has been made for expansion and contraction.

The Fire Chamber being lined, there can be no red-hot surfaces. The air diffused through the building is warmed thoroughly without being injured or

scorched, thus giving a large amount of pure, wholesome, warm air.

The Draft of the Furnace is effectively controlled by our Magic Regulator, which is adjustable to any degree of heat required, securing an adaptability on the part of this possession by no other furnace.

This very great advantage can only be appreciated by those who have used this, after using others which do not have this peculiarity.

We offer our new patent *Magic Cooking Range*, as the result of more than forty years experience in the manufacture of Cooking Apparatus of various kinds.

In this we have obviated the defects in Ranges, both of our own and others' manufacture, and introduced many valuable improvements, for seven of which we have received Letters Patent.

It is the only Range in which ALL steam, odor and dust from boiling, broiling, frying, or cleaning the grate is entirely carried from the room.

The only Range which has closets for keeping meats, etc. warm, conveniently located at the sides of the fire chamber.

The only Range which has dampers adjustable to the draft of each chimney, thus making it impossible to burn more fuel than is necessary to bake.

The only Range which has a shaking and dumping grate, in which the grate can be replaced without removing the linings and brickwork round the fire chamber.

The only elevated Oven Range which has a charcoal broiler. A new and desirable arrangement for broil as well as light cooking in warm weather.

The only Range in which the water back can be taken out to be cleared or replaced without disturbing the brick work.

The grate of this Range is made with special reference to roasting in front of the fire.

All persons in want of a perfect cooking apparatus are invited to call and examine this Range, than which there is no better, more economical, or convenient Range in use.

The above Ranges of various sizes are manufactured and for sale at

**BRYENT'S WONDERFUL CURE**  
**FOR**  
**RHEUMATISM, GOUT,**  
**AND**  
**NEURALGIA.**

I would say to all afflicted with these terrible diseases, that after more than twenty years suffering (much of the time every joint in my body racked with pains, being so afflicted that I could hardly move a limb for months at a time), and after trying every remedy I could find, with but very little benefit, I have succeeded in discovering a perfect cure by experiment-with my physician on myself. It not only removes the most severe pain in a few hours without the least injury to the constitution, but strengthens and invigorates the whole system, causes quiet and refreshing sleep, creates a good appetite, and in every way improves the condition of the patient. It has proved to me and to thousands of others to be more valuable than silver or gold. I know that no one troubled with these diseases will be without it after they once know its value. I ask every sufferer to send for a circular giving a full description of the Medicine and containing many certificates from some of the most severe cases I ever knew.

This Medicine can be obtained of most druggists. I have it prepared in the most careful manner and furnish it to all who wish at wholesale or retail at a very low price.

As I have been a well known business man in Boston for the last thirty-five years, and a great sufferer with this disease, I believe no one will think this a humbug as is apt to be the case with most new medicines.

**Walter Bryant,**  
*Furnace and Stove Dealer,*  
 15 School Street, Boston, Mass.

**CHOLERA PREVENTIVE.**

**Bryent's Patent Cesspool for Yards and Street Drains.**

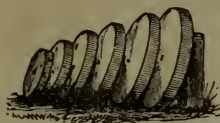

**A**T this time this is a very important thing. It is very cheap and simple, and is easily applied to any Drain. It entirely prevents any smell coming from the Drain, or stagnant water remaining in the common Cesspool. It is of the greatest importance that this should be applied to every yard or street drain, to prevent the noxious gases from poisoning the atmosphere. I believe no one will fail to adopt it after they once know its value, as it will do more to purify the air than anything else that can be used.

I would call your attention to my great **RADIATING FURNACE**, which has proved more satisfactory to all those who have had an opportunity to use it than any other Furnace ever introduced. It is very simple and durable, and has a great radiating surface, and will last twenty years without repairs. The radiating surface is so large that it never heats red hot, and consequently never burns out, or destroys the purity of the air. There is no lining to the pot to burn out or clinker up. Every one using this Furnace will find it a perfectly reliable article which they never will want to exchange.
